4. **Approval of Minutes:** A motion was made by Rodney Levine and seconded by Deidre Meier to approve the minutes from October 14, 2021. Motion carried unanimously.
5. **New Business:**
 - A. **Lot Line Adjustment, 114 Mansion Street (borders driveway into Mansion Square)** - Gary Harvey remained for the meeting as did the members of the public named above. Mr. Harvey delivered the green card receipts from the neighbor notification mailing, as required. The Board, as lead agency, reviewed EAF Part 1, completed by Mr. Harvey, and then Part II, was completed by the Board itself. In a motion made by Rodney Levine and seconded by Deidre Meier, the Board determined that the application was an unlisted action with no environmental impacts of any significance, thus waiving further SEQR review. Motion carried unanimously. In a motion made by Rodney Levine and seconded by Deidre Meier, the Board unanimously approved the application, and Bob signed and stamped all required copies. Mr. Harvey will deliver the mylar and 2 paper copies of the survey showing the 2 realigned parcels to the Greene County Clerk and left the neighbor notification green cards with the Board.
 - B. **47 South River Street** - Sarah Gray Miller’s application for reused of the building as retail space was reviewed by the Board as lead agency for any environmental impact, as required by SEQR. The completed EAF Part presented by the applicant was reviewed, with no significant negative impacts noted. The Board, therefore, determined that this was an unlisted action under SEQR, with a waiver of any further environmental review. That and the motion to approve the application were made by Rodney Levine and Deidre Meier, and Deidre Meier and Rodney Levine, respectively. Sarah agreed to sign the completed paperwork and drop that and the required fees to the Village Clerk.

C. **Municipal Laws regulating Landlord's requirements for tenant trash removal** – The Village Board of Trustees asked for our recommendation regarding the above. It was agreed that on site trash removal be mandated for landlords owning greater than 3-unit multi-family/tenant buildings, and that there should be provisions for remediation and fines included in the local law. Dee offered to research other municipality laws regarding trash removal, and absent finding anything useful, Bob would confer with Delaware Engineering for further guidance.
